DELIVERY SERVICE

In response to the pandemic in 2020, we began a free delivery service for HELP clients, ensuring that people who can't leave their homes or don't have transportation can still get the materials they need.

TYPE OF HOUSING

"I really needed a refrigerator and other items that you helped me with. I'm so thankful I went home and cried. There should be more people in the world like you and the program that helps people in need."
